## Director General's Message

Pakistan being in the neighbourhood of epicenter of World Opium and Heroin producer has become both a transit and victim State and is facing its constant spill-over effects. Despite persistent and commendable efforts of all stakeholders, the problem of illicit trafficking of opium and heroin remains a serious concern.

Given the scale and size of the problem, the Government of Pakistan has put in place stringent measures to contain the flow of illicit drugs. Anti Narcotics Force (ANF), under Ministry of Narcotics Control (MoNC) being the premier drug law enforcement agency, is working closely with domestic counter parts and with the International partners to ensure that it reverses the trends in trafficking of opiates, Amphetamine Type Stimulants (ATS) and illicit precursor chemicals. The multi-prong strategy put in place focuses on Drug Supply Reduction, Drug Demand Reduction and International Cooperation.

It is quite satisfying to note that ANF has achieved extraordinary success by affecting impressive seizures, dismantling drug trafficking organizations, conducting Joint and International Controlled Delivery Operations and carrying out Poppy-eradication campaigns. Today Pakistan retains Poppy Free Status from the stand point of cultivation. ANF owes gratitude to Pakistan Army (contributes 30% of the manpower on secondment), MoNC, other associated Ministries, International partners and all Inter Agency Task Force members for their continuous support. This has helped us in fulfilling our obligations to save our future generations from the menace of narcotics.

I pay homage to TEN brave members of ANF, who laid their lives for our better future and I respect many others who got injured in various encounters. I sincerely acknowledge the relentless efforts of all Regional Directorates and members of the Force who are working for the noble cause with dedication and true professionalism. We the ANF fraternity despite odds and challenges pledge to pursue the assigned mandate with devotion and dedication. INSHALLAH, in the days to come, ANF will progress leaps and bounds to reach optimum level.

This digest is an effort to reflect and communicate the pursuits of ANF to all our well wishers. My compliments to the Editorial staff for the efforts put in towards the Yearly Digest.

## TRIBUTE TO OUR SHUHADA

وَلَا تَحْسَبَنَّ الَّذِينَ قُتِلُوا فِي سَبِيلِ اللَّهِ  
أَمْوَاتًا بَلْ أَحْيَاءٌ عِنْدَ رَبِّهِمْ يُرْزَقُونَ

And do not think of those who are killed  
in the way of Allah as dead.

Nay! They are alive; they are receiving  
provision from their Lord.

Sura Aal-Imraan : Ayat 169 AL QURAN

## Tribute To Our Shuhada

ANF since its inception endeavored to the optimum to fight the menace of Narcotics. In line with this philosophy a total of 10 individuals have laid their lives. ANF recognizes and acknowledges their superior sacrifice and salute the valour and dedication to duty shown by them in fight against Narcotics.

**Lieutenant Colonel Ahmed Ali Shah (Shaheed)**

Embraced Shahadat on 8 October 2005 during Earthquake Operation at Bagh (AK). The officer who went beyond the call of duty to alleviate the pain of the affected. He valued humanitarianism more than life and was a popular figure. He left three children and a wife.

**Naib Subedar Muhammad Saleem (Shaheed)**

Embraced Shahadat on 8 October 2005 during Earthquake Operation at Bagh (AK). He sacrificed his life at the age of mid 40s. He set a heroic example by embracing martyrdom while saving the lives of maimed children and injured men and women. Naib Subedar Saleem leaves behind a wife and six children.

**Naib Subedar Lal Zaman (Shaheed)**

Embraced Shahadat on 7 August 2009 during encounter operation against drug-smugglers at Turbat, while serving with Regional Directorate Anti Narcotics Force Quetta.

**Havildar Jhanzeb (Shaheed)**

Embraced Shahadat on 8 October 2005 during Earthquake Operation at Bagh (AK). He started his career in the Pakistan Army as Sepoy in 1982. He was a dedicated and responsible person who was specially valued for his mild temperament and affable personality. He leaves behind four children and a wife.

### **Havildar Farooq Ahmed (Shaheed)**

Embraced Shahadat at Panjgor city, on 13 January 2011 due to attack of miscreants while serving with Regional Directorate Anti Narcotics Force, Quetta.

### **Lance Naik Gul Fraz (Shaheed)**

Embraced Shahadat on 7 August 2009 during encounter with drug smugglers at Turbat, while serving with Regional Directorate Anti Narcotics Force, Quetta.

### **Lance Naik Azad Khan (Shaheed)**

Lance Naik Azad Khan embraced Shahadat on 26 November 2012 during Anti Narcotics Operation while serving with Regional Directorate Anti Narcotics Force Quetta.

### **Sepoy Shoukat Ali Durrani (Shaheed)**

Embraced Shahadat on 27 April 2002 during encounter with drug smugglers at Nokundi, while serving with Regional Directorate Anti Narcotics Force, Quetta. Two smugglers were also killed during the encounter.

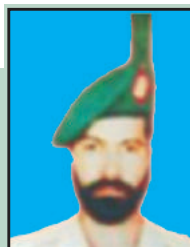

### **Sepoy Muhammad Niaz (Shaheed)**

Embraced Shahadat on 12 Mar 2004 during encounter with drug smugglers at Nokundi, while serving with Regional Directorate Anti Narcotics Force, Quetta.

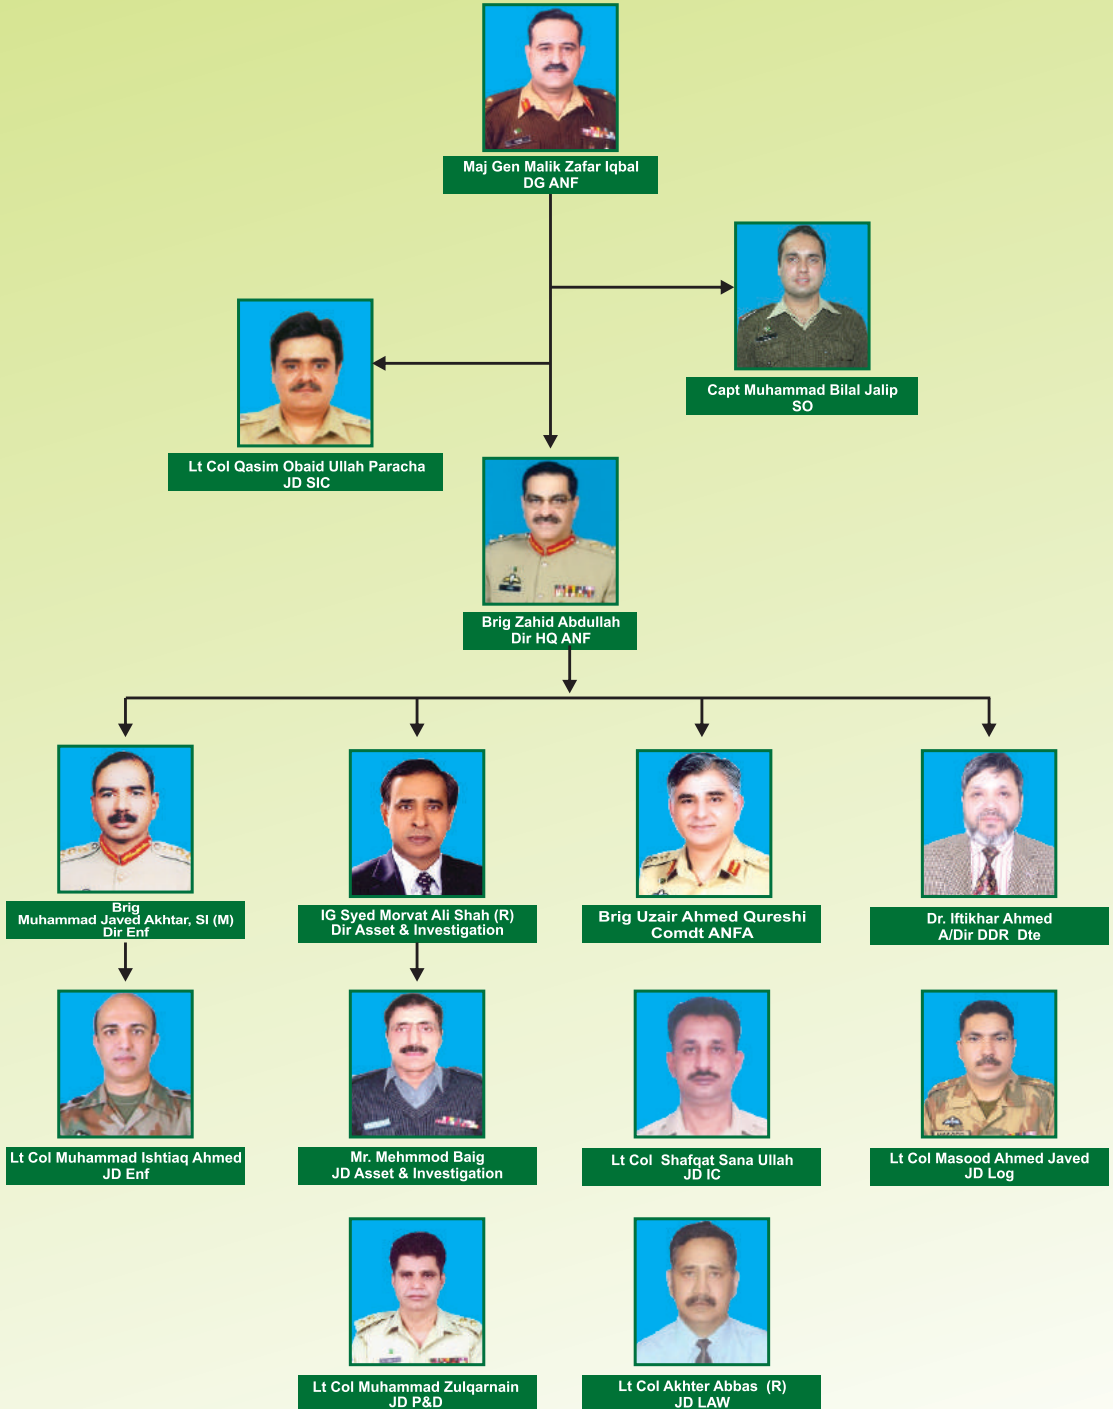

### **Sepoy Muhammad Sarfraz (Shaheed)**

Embraced Shahadat on 27 April 2002 during encounter with drug smugglers at Nokundi, while serving with Regional Directorate Anti Narcotics Force, Quetta. Two smugglers were also killed during the encounter.

# HQ ANF ORGANIZATION

## Mandate and Area of Responsibility (AOR)

Being a premier organisation with the basic task of elimination of the menace of Narcotics from Pakistan in particular and the region in general, the detailed mandate of ANF is:-

- To inquire, investigate and prosecute all offences related or connected with intoxicants, narcotics and precursors.
- Survey and monitoring of poppy cultivation and its eradication.
- Trace, freeze and dispose assets connected to drug crimes.
- Coordinate with all law enforcement agencies (LEAs) on drug issues and arrange training of own and other LEAs.
- Provide assistance and advice to other LEAs.
- Maintain liaison with all national and international narcotics control authorities/ organizations and represent Pakistan in conferences and seminars.
- Perform any other related functions which may be assigned by the Federal Government.

## DRUG SUPPLY REDUCTION ACTIVITIES - 2012

## Drug Supply Reduction Activities - 2012

### General

Pakistan is located in a region that has high threat of opiate and cannabis production and trafficking, besides facing the emerging problem of synthetic drugs. Afghanistan is the source of more than 90 percent of the world's opium and it is also a significant cannabis producer – much of it is harvested in Provinces bordering Pakistan. Consequently making Pakistan vulnerable to trafficking of opium, heroin and cannabis. Domestically in Pakistan the area of opium poppy cultivation in 2011 dropped to 362 hectares from 1,415 hectares after the successful eradication of 1,053 hectares. Significantly, this is the first time since 2002 that the quantity of poppy harvested is below 1,000 hectares, hence, Pakistan has attained the status of “POPPY FREE COUNTRY”. Given the existing law and order situation in the country, this level of eradication, the highest in recent years, is a significant achievement for the Anti Narcotics Force (ANF).

Despite challenges of anti terrorist operations, law and order situation and manpower constraint. Pakistan has made very impressive contributions in fighting the menace of drug and has continuously emerged as one of the world's leading country in seizures of heroin and morphine.

### Drugs Routes and Trends

Countries neighbouring Afghanistan remain to be the victim of drug transit. Drug traffickers keep changing their modus operandi and drug routes to bypass the law enforcement agencies. Pakistan and Afghanistan share approximately 2,500 km of borders. Border areas of Pakistan and Afghanistan practice same culture and traditions, and are identical in outlook. Two major provinces of Pakistan, i.e. KPK and Balochistan, are contiguous with Afghanistan. Trafficking routes depend much on the reading of drug traffickers about the activities of law enforcement agencies and the policies of the Governments. Drug traffickers being wary of law enforces keep changing routes, modalities, mode and use new methods of concealment. The delineation of the trafficking routes is never absolute, rather it keeps on changing with change in readings of traffickers.

### Concealment Methods

Concealment in vegetable (bitter gourd), decoration stones, cart pillars, registers, toy cars, iron stools, soap bars, oil tankers, secret cavities of vehicles, wheels and handle grips of suitcases, baby jackets, spinal elevators (surgical equipments), rice bags, books, match boxes, deep fryer machine, pizza maker machine, cooking range, lady purses, TNT packing cartons, silicon bond tubes, shin guards, carpets, capsules and leather jackets.

5 kg Heroin seized at Peshawar

169.8 kg Hashish and 13 kg Opium seized at Rawalpindi

## Opiates Seizures

ANF as a premier drug law enforcement agency (LEA) is continuously striving to eliminate the menace of drug trafficking. 2012 has been a land mark year with regards to opiates seizures in Pakistan. During the year **4,245 kg opium**, **1,368.75 kg morphine** and **12,660.993 kg heroin** was seized by ANF and other LEAs of Pakistan which are 27%, increase, 210% decrease and 73% increase respectively as compared to 2011. In addition to these domestic seizures, ANF also shared intelligence regarding drug trafficking with law enforcement agencies of other countries which led to seizure of **666.27 kg heroin** in their respective countries. A comparison of opiates seizures of 2011 and 2012 is given in the table below.

### Summary of Opiates Seizures (In kg) 2011 - 2012

Agency	2011			2012		
	Opium (kg)	Morphine (kg)	Heroin (kg)	Opium (kg)	Morphine (kg)	Heroin (kg)
ANF	14,096.106	1,281	3,030.417	16,177.3	280	1,690.254
Other LEAs	9,174.379	2,964	4,304.124	13303.365	1088.75	10,970.739
<b>Total</b>	<b>23,270.485</b>	<b>4,245</b>	<b>7,334.541</b>	<b>29,480.665</b>	<b>1,368.75</b>	<b>12,660.993</b>

3,320 kg Hashish seized at Rawalpindi

6,888 kg Hashish seized at seaport Karachi

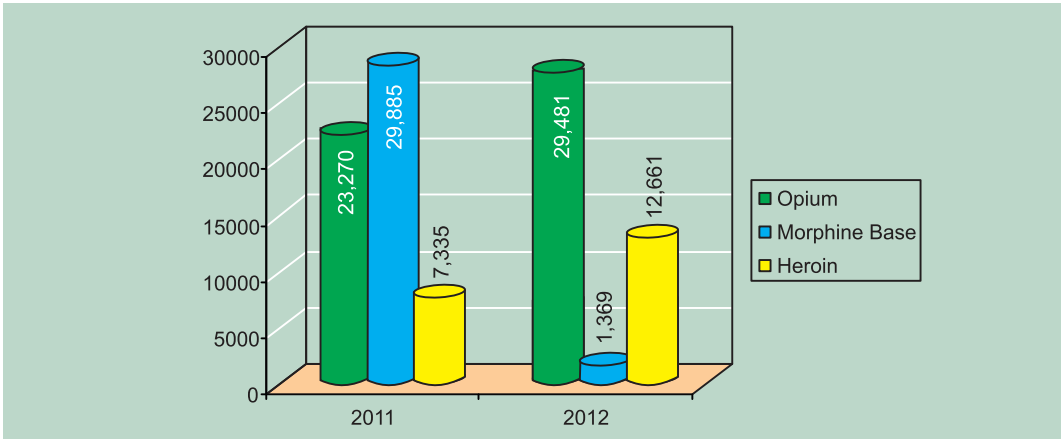

2,981 kg Hashish seized at Quetta

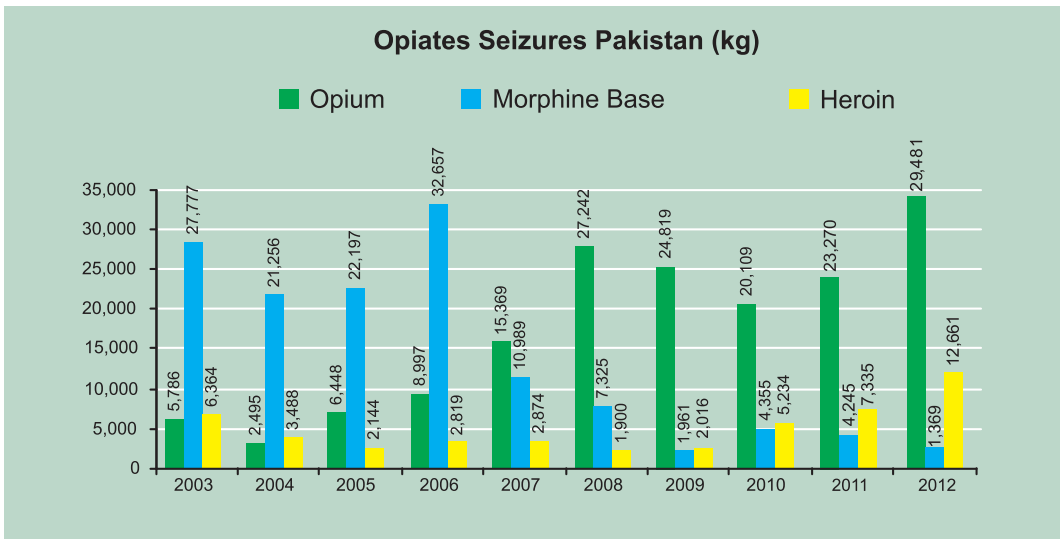

149 kg Heroin seized at Peshawar

### Comparison of Opiates Seizures 2011 - 2012

### Year Wise Seizures of Opiates in Pakistan since 2003

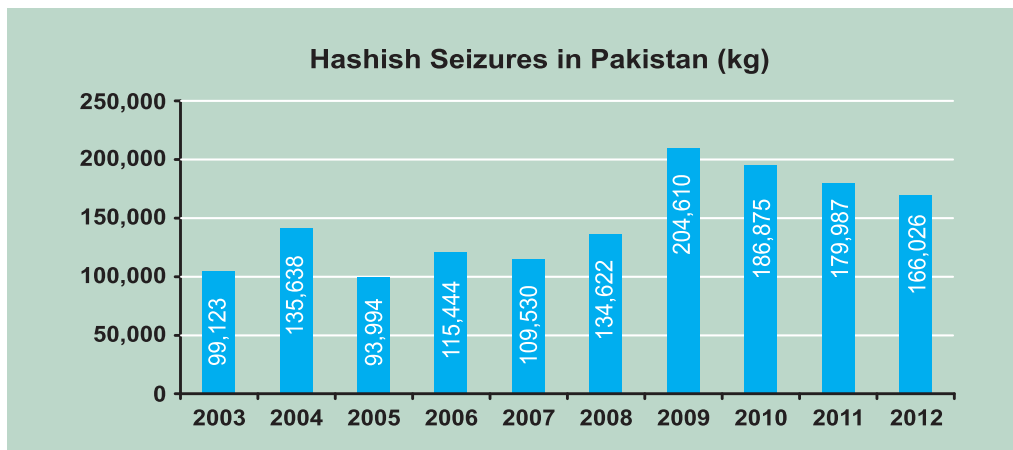

### Significant Narcotics Seizures – 2012

#### Hashish Seizures – 2012

Pakistan's hashish seizures remained encouraging throughout the last decade. It remained at leading positions of hashish seizure in the region and in the world. During current year, Pakistan's seizures of the hashish were **166,026 kg**, however important seizures include **9,863.66 kg** at Karachi sea port on 30 January 2012, **6,888 kg** at Karachi sea port on

5 June 2012 and **4,147 kg** at toll plaza Karachi on 21 May 2012. Year-wise seizures of hashish since 2003 are reflected in graph given below:

**Seizures of Cocaine – 2012.** 8.665 kg cocaine was seized during the year 2012, details are as following:-

- On 8 March 2012, ANF Rawalpindi Seized 0.800 kg Cocaine and arrested two accused.
- On 11 June 2012, ANF Karachi Seized 1.125 kg Cocaine and arrested one accused.
- On 13 August 2012, ANF Karachi intercepted a consignment of carpets destined to Cameroon and seized 4.180 Kg Cocaine.
- On 11 December 2012, ANF Karachi seized 1.00 kg cocaine and arrested one accused.
- On 13 December 2012, ANF Karachi seized 1.560 kg cocaine and arrested two accused.

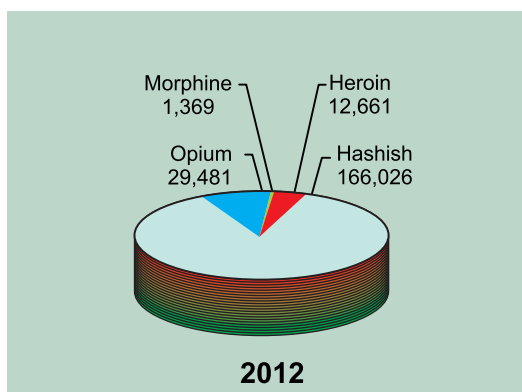

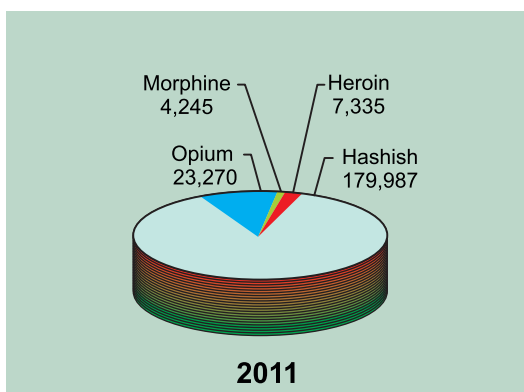

#### **National Drug Seizures Data – 2012**

Agency	Cases Registered	Persons Arrested	Kind & Qty of Drugs Seized (kg)			
			Opium	Morphine	Heroin	Hashish
ANF	693	722	16,177.3	280	1,690.254*	58,457.577
Other LEAs	104,169	103,287	13,303.365	1,088.75	10,970.739	107,568.732
<b>Total</b>	<b>104,862</b>	<b>104,009</b>	<b>29,480.665</b>	<b>1,368.75</b>	<b>12,660.993</b>	<b>166,026.309</b>

\***10.840 kg heroin** seized during Control Delivery Operations in Italy on 7 January 2012, **20 kg heroin** seized during Control Delivery Operations in Canada on 2 March 2012 and **1 gm heroin** seized in Canada on 30 November 2012.

#### **Comparison Opium, Morphine Base, Heroin and Hashish 2011/2012**

The quantities of drugs seized widely fluctuate from year to year depending upon demand and modus operandi of drug traffickers. As compared to year 2011, year 2012 witnessed 27% increase in Opium, 210% decrease in Morphine base and 73% increase in Heroin, while the Hashish seizures reflect decrease by 8%. The comparison of drug seizures in Pakistan during 2011 and 2012 is shown on next page.

### Comparative Trend of Narcotics Seizures (kg) – 2011/2012

Description	Year		Trend
	2011	2012	Upward Downward
Cases	101,302	104,862	0.35% ↓
Arrested	103,022	104,009	0.95% ↓
Opium (kg)	23,270	29,481	27% ↑
Morphine (kg)	4,245	1,369	210% ↓
Heroin (kg)	7,335	12,661	73% ↑
Hashish (kg)	179,987	166,026	8% ↓
Cocaine (kg)	3.281	8.665	164% ↑

### Involvement of Foreign Nationals in Drugs Trafficking

ANF undertakes strict scrutiny of foreign nationals traveling to and from Pakistan for the purpose of narcotics trafficking. Consequent to such measures during 2012, total of **31 foreigners** of different nationalities with **192.42 kg heroin**, **3102.9 kg hashish** and **1.4 kg opium** were arrested from various locations. Highest number of foreign nationals arrested were Nigerian and British. Tables below reflect continent and nationality wise breakdown of the foreign nationals arrested and drugs seized during 2012.

### Continent Wise Foreign Nationals Arrested and Drugs Seizures – 2012

Continent	Cases	Defendants	Drug seized (kg)		
			Heroin	Opium	Hashish
Asia	6	6	84.145	-	3,102.9
Africa	16	16	14.33	-	-
Europe	9	9	93.945	1.4	-
<b>Total</b>	<b>31</b>	<b>31</b>	<b>192.42</b>	<b>1.4</b>	<b>3,102.9</b>

### Nationality-wise Statistics – 2012

Nationality	Cases	Defendants	Drug seized (kg)		
			Heroin	Hashish	Opium
Afghan	5	5	83.125	3102.9	-
British	6	6	86.095	-	-
Canadian	1	1	-	-	1.4
Dutch (Netherlands)	1	1	0.85	-	-
Indian	1	1	1.02	-	-
Nigerian	12	12	10.84	-	-
Tanzanian	1	1	0.98	-	-
Zambian	3	3	2.51	-	-
Spanish	1	1	7	-	-
<b>Total</b>	<b>31</b>	<b>31</b>	<b>192.42</b>	<b>3,102.9</b>	<b>1.4</b>

### Location-wise Seizure of ANF

Summary of narcotics seizures by ANF at different locations is reflected in the table below. It highlights the nature and extent of narcotics smuggling through various exit points and locations of the country. This analysis will enable the LEAs to clearly understand the tactics of narco-smugglers and devising their future course of action and strategy.

### Summary of Location-wise Seizure

Location/ Place of Seizure	No of Cases	Drug seized (kg)					Others
		Opium	Morphine	Heroin	Hashish	Cocaine	
Cities/ Urban Area	243	13,672.91	-	464.25	20,909.591	3.36	-
Airports	272	1.4	-	423.86	4.01	5.3	-
Posts Parcels	64	1.85	-	78.972	-	-	27 kg tablets & 1,76,835 tablets/ injections of controlled drugs
Dry Ports	10	-	-	30	951.57	-	-
Hinterland	6	530	280	150.4	2,017	-	4,030 kg Poppy
Road / Highway	95	1,971.14	-	249.98	17,823.72	-	2.56 kg Chemical
Seaports	3	-	-	292.78	16,751.66	-	-
<b>Total</b>	<b>693</b>	<b>16,177.3</b>	<b>280</b>	<b>1,690.243</b>	<b>58,457.55</b>	<b>8.66</b>	<b>-</b>

## Opiates Trafficking Markets

The available data of Afghan opiates destined to various countries is reflected in table below:-

### Afghan Opiates Destinations – 2011/2012

2011				2012	
Country	Cases	Country	Cases	Country	Cases
UK	36	Bahrain	3	UK	39
Bangladesh	16	Tanzania	3	Netherlands	7
Saudi Arabia	15	Netherland	3	Spain	5
Dubai	12	Belgium	2	Philippine	2

Sri Lanka	5	Guinea	1		
Thailand	5	Indonesia	1		
Mozambique	4	Kuwait	1		
Benin	4	Ukraine	1		
Germany	4	France	1		
Zambia	3				

## Drugs Trafficking Through Parcels/ Letters

Drugs trafficking through postal letters and parcels to various destinations remains one of the favorite method of drug traffickers. ANF strives very hard to thwart the efforts of drug trafficking through this mode. In this regard, close liaison and coordination is done with different courier and mailing companies. Table provides statistics and the magnitude of drug smuggling from Pakistan to the outside world during 2012, through this mode.

### Drugs Trafficking Through Parcels/ Letters

RD	Cases	Drugs Seized (kg)		Destination
		Heroin	Opium	
Peshawar	3	1	1.08	Holland - 1 UK - 1 Italy - 1
Rawalpindi	13	33.45	-	UK - 10 Nicosia Cyprus - 1 Philippine - 1 Netherlands - 1
Lahore	18	31.22	-	UK - 7 Spain - 4 Netherlands - 2 Australia - 1 France - 1 Nigeria - 1 Denmark - 1 Ivory Coast - 1
Karachi	30	13.3	0.77	UK - 20 Netherlands - 4 India - 1 Indonesia - 1 Dhaka - 1 Philippine - 1 Spain - 1 China - 1
<b>Total</b>	<b>64</b>	<b>78.97</b>	<b>1.85</b>	<b>-</b>

### Drugs Trafficking Through International Airports

Keeping in view the vulnerability of international airports for narcotics smuggling, ANF pays special attention to foiling the efforts of drug smugglers using airports. Table below, reflects the Heroin, Hashish, Opium & Cocaine seized at different airports during 2012.

### Drugs Trafficking Through International Airports

Airports	No of Cases	Kind & Qty seized (kg)			
		Heroin	Hashish	Opium	Cocaine
BBIAP Islamabad	88	235.15	0.9	-	-
Peshawar Airport	43	31.15	1.39	-	-
AllAP Lahore	55	63.21	0.03	1.4	-
Sialkot Airport	5	2.12	-	-	-
Faisalabad Airport	4	6.67	0.01	-	-
Multan Airport	1	2	-	-	-
JIAP Karachi	76	83.56	2	-	5.31
<b>Total</b>	<b>272</b>	<b>423.86</b>	<b>4.33</b>	<b>1.4</b>	<b>5.31</b>

## Seizures of Precursors

Following precursor seizures were made by ANF during the year 2012:-

- On 5 March 2012, ANF Quetta Seized **4,030 kg Poppy** Straw and arrested three accused.
- On 10 April 2012, ANF Karachi intercepted a consignment destined to Singapore and Malaysia and seized **88.31 kg diazepam** and **117.51 kg miscellaneous psychotropic tablets**.
- On 6 May 2012, ANF Lahore seized **0.07 kg Acetic Anhydride** and **600 kg Sulphuric Acid** and arrested one accused.
- On 23 July 2012, ANF Rawalpindi intercepted a consignment destined to Philippine and seized **176,835 tablets** / Injections of controlled drugs.
- On 25 July 2012, ANF Karachi seized **0.055 kg Onax tablets**, **0.2 kg Watson** and **0.012 kg OC tablets** and arrested one accused.
- On 1 October 2012, ANF Lahore seized **614 Ecstasy tablets** and arrested one accused.

## Implementation of Precursors Control Regime

In pursuance of precursors control policy and SOPs, summary of activities of ANF with regards to precursor control are shown in the tables below:-

### Precursor Control Activity – 2012

Activity	Numbers
Firms Registered	22
Ground Check	61
PENs Received	158
Shipments Allowed	132
Shipments Disallowed	26

### Total Chemicals Allowed – 2012

Chemical	Quantity
Acetic Anhydride	14,000 kg
Anthranilic Acid	1,500 kg
Acetone	29,615 kg
Potassium Permanganate	131,000.25 kg
Pseudo Ephedrine	30,000 kg
Methyl Ethyl Ketone	1,387,716 kg
	1,540 liters
Toluene	2,032,099.20 kg
	224 liters

## Prosecution of Drugs Cases

Six special courts for speedy trial of narcotics offences established in country are proving very effective. In order to ensure effective prosecution, ANF had put in concerted efforts during 2012. To this end, following measures were taken during 2012:-

- ANF endeavoured for speedy trial of cases by ensuring attendance of witnesses and coordination with special judges, prosecutors and concerned officials.
- By pursuing a comprehensive prosecution strategy, **603 cases** at trial courts and **530 appeals** in high courts were disposed off during 2012 thus, reducing the number of pending cases.
- ANF registered 693 drug cases during the year 2012. By good management, it has ensured timely submission of challans of all the cases in the concerned courts.
- Statistics given in Table below speak of the success of ANF in achieving an encouraging conviction rate of **89%** during 2012.

### Cases Decided from 2007 to 2012 in Trial Courts

Years	Cases Disposed off	Conviction Rate
2007	492	89%
2008	600	90%
2009	697	91%
2010	1,034	91%
2011	600	84%
2012	603	89%

### Region Wise Disposal of Appeals 2011 – 2012 by High Courts

Regional Directorates	Disposed off Appeals	
	2011	2012
Karachi	54	60
Lahore	265	245
Peshawar	43	80
Quetta	19	15
Rawalpindi	62	130
<b>Total</b>	<b>443</b>	<b>530</b>

## Assets Investigation

According to "Control of Narcotics Substances Act 1997", acquisition of assets through drug proceeds is a crime. ANF traces, freezes, forfeits and confiscates all illegitimate assets of the drug traffickers. The accused can be awarded 5-14 years of imprisonment besides forfeiture of their assets. ANF is making concerted efforts for prosecution of important asset cases. So far, assets worth **Rs. 5,193.76 (million) (US\$ 53.5439 million)** have been frozen. Tables given below reflect the achievement of ANF in this regard.

State of Total Assets Cases as on 31 December 2012	
Category	No of Cases
Under Investigations	53
Pending Trial	180
In Appeal	88

State of Assets Frozen, Forfeited and Realized as on 31 December 2012	
Assets Frozen	5,193.758934 (US\$ 53.5439) million
Assets Forfeited	539.957279 (US\$ 5.540) million
Assets Realized	65.475493 (US\$ 0.675) million

Assets Frozen / Forfeited in 2011 -2012		
Description	2011	2012
Total Number of Cases	294	321
Total Number of Cases Pending Trial	155	180
Cases in Appeal	84	88
Cases Under Investigation	55	53
Value of Assets Frozen	Rs 134.2882 (US\$1.475) million	Rs.170.466498 (US\$1.7592) million
Value of Assets Forfeited	Rs 66.395672 (US\$ 0.729) million	Rs. 69.317091 (US\$ 0.7073 ) million
Value of Assets Realized	Rs 3.594813 (US\$ 0.0395) million	Rs.3.796343 (US\$0.03913) million

## Drugs Burning Ceremony

To commemorate the International Day against Drug Abuse and Illicit Trafficking, drug burning ceremonies were held under ANF on 26 June 2012 at four places, i.e. Rawalpindi, Lahore, Karachi and Quetta. At Rawalpindi Parliamentary Secretary, Ministry of Narcotics Control, Mr. Syed Inayat Ali Shah was the chief guest of the ceremony. Director General ANF Major General Malik Zafar Iqbal, high ranking officials from law enforcement agencies, civil administration, diplomats, drug liaison officers of number of countries, media representatives, social workers and representatives of non governmental organizations were also present on the occasion.

While addressing the gathering, Mr. Syed Inayat Ali Shah, Parliamentary Secretary, Ministry of Narcotics Control, reiterated the commitment of Government of Pakistan to fight against the menace of drugs. He appreciated the efforts and commitment of ANF in its fight against drugs and drug abuse. He further stated that the volume of narcotics being burnt in the ceremony speaks of ANF's commitment to the noble cause.

A total of **30 tons** of drugs to include **Heroin, Hashish, Opium and Morphine** etc were burnt during the drug burning ceremony at Rawalpindi and a total of **128 tons** were burnt at all four locations with approximate value of Rs. **4,500 million**. Detail is as under:-

Drugs	Quantity of Drugs Burnt
Hashish	84,200.97 kg
Opium	34,558.52 kg
Heroin	1,357.83 kg
Morphine	3,619.49 kg
Poppy Straw	4,018.85 kg
Intoxicant Syrup	84.59 kg

Drugs Burning at Rawalpindi

Drugs Burning at Lahore

Drugs Burning at Karachi

Drugs Burning at Quetta

ANF, as a premier drug law enforcement agency is striving hard for eliminating the menace of drugs from Pakistan. It is contributing significantly in preventing drug trafficking to various parts of the world. It also coordinates the counter narcotic strategies of other LEAs through Inter Agency Task Force (IATF). Pakistan has successfully been able to destroy 1,053 hectares of poppy crop out of 1,415 hectares of reported cultivation. Seizure data of ANF and other LEAs enunciated in aforementioned paragraphs reflect our resolve to combat the menace of drugs. As a shared responsibility, world community need to reciprocate our efforts by providing assistance in the field of technology, human resource development and provision of funds for reward money.

## Inter Agency Task Force (IATF)

ANF is premier LEA of Pakistan engaged in counter narcotics task at strategic level. Number of other LEAs have also been empowered by government to undertake counter narcotics duties. In order to launch joint effort against drug, in February 2010, Prime Minister of Pakistan directed Ministry of Narcotics Control to establish IATF under the Chairmanship of DG ANF and senior representatives of all drugs LEAs as members. In pursuance of Prime Minister's directive, IATF has been established with following objective and scope:-

### Objective

To maximize effectiveness of Anti Narcotics Policy of the Government of Pakistan through coordinated implementation of the Counter Narcotics Enforcement Strategy with a view to making Pakistan a drug free state.

### Scope

- The task force members will meet on quarterly basis.
- Assess the performance of all LEAs.
- Coordinate efforts and resources, with a view to implementing the strategy.

## Drugs Seizures by Other LEAs-2012

Agency	Kind and Quantity of Narcotics Seized (kg)						
	No of Cases	No of Arrest	Heroin	Opium	Morphine	Hashish	Others
Pakistan Customs	86	61	472.72	129	-	9,754.47	5.47 kg Amphetamine

## Poppy Eradication Campaign – 2012

Pakistan is cited as success story for having earned the status of “Poppy Free Country in 2001 – 2002” through the adoption of multi-pronged strategy based on international assistance, focusing on alternative livelihood, development programmes and crop destruction campaign. However, the following years witnessed resumption of poppy cultivation in the traditional and non-traditional areas of KPK, Baluchistan and Sindh, much to the detriment of the country's hard earned status. During most of the years of the decade (2003-2009) poppy crop which could not be destroyed in Pakistan remained around 1,500 – 2,000 hectares per year. Annual poppy cultivation reported and destroyed during these years is as follows:-

### Poppy Cultivation and Destruction 2003 to 2012 (hectares)

Years	Reported Cultivation				Destruction				Balance
	KPK	Balochistan	Sindh	Total	KPK	Balochistan	Sindh	Total	
2003	3,870	2,833	-	<b>6,703</b>	1,894	2,289	-	4,183	<b>2,520</b>
2004	3,627	3,067	3	<b>6,697</b>	2,622	2,577	3	5,202	<b>1,495</b>
2005	2,870	276	-	<b>3,146</b>	431	276	-	707	<b>2,439</b>
2006	1,862	47	41	<b>1,950</b>	332	24	41	397	<b>1,553</b>
2007	1,898	255	-	<b>2,153</b>	198	416	-	614	<b>1,539</b>
2008	1,850	56	-	<b>1,906</b>	-	56	-	56	<b>1,850</b>
2009	1,674	105	-	<b>1,779</b>	-	105	-	105	<b>1,674</b>
2010	1,709	56	24	<b>1,789</b>	22	46	-	68	<b>1,721</b>
2011	382	1,009	24	<b>1,415</b>	20	1,009	24	1,053	<b>362</b>
2012	397	577	-	<b>974</b>	15	577	-	592	<b>382</b>

### Mechanism for Tracing, Identification and Reporting

A comprehensive mechanism of tracing, identification and reporting of poppy cultivation has been formulated which includes:-

- **Monitoring Teams**

Monitoring teams for KPK and Balochistan Province have been constituted under the Chairmanship of Additional Secretary Home. Other members of the committee include Representative of ANF, Governor's Secretariat, SDU, Narcotics Affair Section (US Embassy) and MoNC.

- **Ground Monitoring**

The monitoring teams make two ground surveys, first in November – January and second in February – March to trace, identify and report poppy cultivation to quarters concerned and asks the local administration for its destruction.

- **Aerial Surveys**

At least two aerial surveys are conducted, one in the month of February and the other in the month of March. These are basically conducted to know the extent of poppy cultivation in those areas that are not accessible by roads. Besides these surveys, it serves the purpose to know the exact stage of poppy crop and accordingly the local administration is asked to take steps.

- **Verification of Destruction**

The monitoring team visits poppy growing areas to verify the veracity of destruction claimed by local administration. This process starts from February till end May.

- **Poppy Free Status**

Pakistan has been striving very hard since the year 2002 to acquire the same status of Poppy free country as of year 2001. Due to law and order situation, especially in FATA, we remained unsuccessful to achieve the desired standard. In the light of National Anti Narcotics Policy 2010 and due to concerted efforts of ANF in year 2011, 1,053 hectares of poppy crop were successfully destroyed in the country. Balance of 362 hectares especially in the inaccessible area of FATA remained a challenge, but it is appreciated that due to concrete efforts taken by ANF with assistance of other LEAs, it will be controlled in next Poppy season. In the light of UNODC bottom line of less than 1,000 hectares for declaring a state as Poppy Free Pakistan claim to have achieved this landmark of being a Poppy Free State for year 2011 / 2012.

## Hajj Operation – 2012

The Hajj Operation for the year 2012 was conducted from **18 September to 22 October 2012**. Like previous years ANF in collaboration with CAA, Customs, PIA and Airport Security Force took comprehensive measures at Hajji Camps at Airports to prevent flow of narcotic drug to Kingdom of Saudi Arabia through Hajj flights. These measures included strict vigilance through effective surveillance/intelligence, foolproof enforcement by 100 percent checking of pilgrims / their baggage and awareness campaign. ANF screened **485** flights and **136,328** pilgrims before taking off from various airports of the country.

### Summary of Flights and Pilgrims checked

RD/Region	Airport	No of Flights	No of Pilgrims
Khyber Pakhtoonkhwa	Peshawar	93	27,953
Sindh	Karachi	40	12,870
	Sukkur	15	1,716
	Lahore	179	37,892

**DRUGS DEMAND REDUCTION  
ACTIVITIES-2012**

**KILL  
DRUGS**

**before they Kill you**

**Hate Drugs Love Life**

## Drugs Demand Reduction Activities - 2012

All countries are affected by the devastation of drug abuse and its illicit trafficking. The victims of this menace need special care and attention from members of all walks of life. All sectors of society are adversely affected by this peril and hence necessitate the need of continuous drug demand reduction activities. Demand reduction refers to efforts aimed at reducing public desire for illegal and illicit drugs. The media explosion has shrunken the world into village in real sense. Along with its positive contributions, it has some negative aspects as well, especially for the youth as it has raised their level of aspiration, ambition and their tendency to experiment that may lead them to drug abuse. It may be an expression of their revolt against established authority, a way of gaining recognition in their group or they may just not be able to “SAY NO TO DRUGS” when offered.

In this regard ANF is continuing its efforts to create awareness amongst the masses especially the youth through print / electronic media and by involving different CBOs, GOs and NGOs. A summary covering awareness activities performed by ANF during the year 2012 is as follows.

### Summary of Drugs Demand Reduction Activities

Activities	Rawalpindi	Punjab	Sindh	KPK	Balochistan	HQ	Total
Lecture	48	50	23	39	43	-	203
Sports	10	20	10	9	10	3	62

<b>Total</b>	<b>74</b>	<b>104</b>	<b>45</b>	<b>61</b>	<b>66</b>	<b>3</b>	<b>353</b>

### Treatment and Rehabilitation

A complete team of professionals is working at MATRC Islamabad, Quetta and Karachi, which are being managed by ANF and are committed day and night to generate their maximum output. Due to their untiring efforts, these centres have treated and rehabilitated 1,293 addicts during the year 2012.

With a quest to improve upon the facilities at Islamabad and to further facilitate the drug

addicts, MATRC Islamabad has been shifted into a new building.

New Building MATRC Islamabad

MATRC Karachi

MATRC Quetta

### **Detoxification Ward at Adyala Jail Rawalpindi**

As a special initiative of drug free prisons, ANF on the directions of Prime Minister of Pakistan has established a 10 bedded detoxification ward in the existing hospital of Adyala Jail Rawalpindi for the addict prisoners. During the year 2012, 275 drug addict prisoners have been detoxified.

### **Harm Reduction**

Apart from treatment, ANF also has its essential focus on prevention / harm reduction to reduce the risk factors amongst the injecting drug users (IDUs) and helping addicts and their families to control the epidemic of HIV/AIDS, HCV, TB and other blood borne diseases. In this regard three Drop-in-Centres have been established at Islamabad, Karachi and Quetta for 'injecting drug users' where they are provided with necessary first aid to protect them from harmful effects of addiction and also guide their families how to control HIV/AIDS, HCV, TB and other blood borne diseases.

### **Detail of Other Services Provided to the IDUs**

IDUs	Motivation for Treatment	Distribution of Syringes	Referred for Lab Tests	Medical Services	Hygienic Facilities	Family Session	Referred for Treatment	Tea and Refreshment

# INTERNATIONAL, REGIONAL AND BILATERAL COOPERATION IN NARCOTICS CONTROL

## International, Regional and Bilateral Cooperation in Narcotics Control

Opiates originating in Afghanistan is an ominous peril for many regions of the world. Its illicit trade has extreme detrimental impact on economic and social development, governance, political stability and security situation in Afghanistan and its immediate neighbours. The response to global threat from Afghan opiates requires international cooperation.

Pakistan is acting as a front line state in combating the menace of drugs. Government of Pakistan has taken a number of initiatives to control spread and trafficking of illicit narcotics. However, Pakistan cannot fight this menace alone, therefore, international cooperation is important pillar of Pakistan's strategy against drugs.

Drug problem is an international phenomenon that needs to be tackled collectively as a common and shared responsibility. Pakistan has not only participated in all international forums/meetings against the menace of illicit drug but foster efforts to enhance regional and international cooperation through number of bilateral and multilateral forums.

Government of Pakistan has signed bilateral agreements/MOUs with 32 countries to make joint efforts for control of drug trafficking and precursor chemicals.

### Major International Cooperation Activities – 2012

During 2012, Pakistan not only participated in all important forums / meetings on drug control but also explored new vistas of cooperation with other countries at bilateral level.

#### ■ The 55<sup>th</sup> Session of Commission on Narcotics Drugs (CND)

Pakistan's delegation led by Secretary Ministry of Narcotics Control visited Vienna, Austria to attend 55<sup>th</sup> Session of CND 12-16 March 2012. Pakistani delegation emphasized on some key areas of thrust based on our geographical location, issues confronting us in the recent past and expectations of the international community. The delegation also made an impact by meeting all the influential officials of the UNODC including Executive Director, Mr. Sandeep Chawala, Director Davison for Policy Analysis and Public Affairs and Mr. Rosen Popov, Chief Precursor Control Section, INCB for meaningful interaction and professional exchange.

#### ■ Reconvened 55<sup>th</sup> Session of Commission on Narcotics Drugs (CND)

A Pakistani delegation led by Mr. Khurshid Anwar, Ambassador, Permanent Representative, Permanent Mission to UN, Vienna attended the Reconvened 55<sup>th</sup> Session of CND held in Vienna, Austria from 6-7 December 2012. The meeting highlighted the following points:-

- Drug prevention as a means to curb the world drug problem within the framework of a scientific evidence approach.
- Importance of international cooperation, coordination and funding to promote relevant activities and programmes on all aspects of alternative development in support of the drug control regime established by the three international drug control conventions, within a broader international framework.

- Importance of further strengthening the operational implementation of treaty-based provisions on international cooperation including countering money-laundering and preventing the illicit cross-border movement of cash and monetary instruments.

- **International Drugs Enforcement Conference (XXIX)**

A delegation led by Brigadier Akhtar Mahmood, Ex Director Headquarter attended the International Drug Enforcement Conference held in Bali, Indonesia on 12-14 June 2012.

- **Paris Pact Initiative**

3<sup>rd</sup> Ministerial Meeting of the Paris Pact Initiative was held in Vienna, Austria on 16 February 2012. A delegation led by Secretary Zafar Abbas, Ministry of Narcotics Control accompanied by Major General Syed Shakeel Hussain, Ex Director General ANF participated in this meeting. The meeting highlighted the modalities in combating illicit trade of opiates originated in Afghanistan that includes detecting and blocking of financial flows linked to Afghan drug trafficking diversion of precursor chemical.

- **HONLEA**

A delegation led by Major General Malik Zafar Iqbal, Director General ANF and Joint Secretary, Ministry of Narcotics Control participated in the 36<sup>th</sup> Meeting of HONLEA held in Bangkok, Thailand from 30 October to 2 November 2012. The forum focuses on illicit drug trafficking trends, regional and sub-regional cooperation efforts, joint investigation, law enforcement training and sharing of information among regional countries.

- **9th DG Level Talks**

A delegation led by Major General Malik Zafar Iqbal, Director General ANF attended the 9<sup>th</sup> Director General level talks between NCB India and ANF Pakistan from 5-6 December 2012. Both sides agreed to continue sharing of actionable intelligence and adopt a coordinated strategy to prevent cross-border drug trafficking.

- **Triangular Initiative (TI)**

- Three meetings were held, under the TI countries (Afghanistan, Iran and Pakistan) in Tehran from 16-18 December 2012.
- A delegation led by Mr. Javed Iqbal, Secretary, Ministry Narcotics Control accompanied by Major General Malik Zafar Iqbal, Director General ANF attended the 2<sup>nd</sup> TI Counter Narcotics Intelligence Official Meeting, 9<sup>th</sup> SOM and 6<sup>th</sup> TI Ministerial Meeting. Mr. Yuri Fedotove, Executive Director UNODC also attended the meeting. All the members agreed to further strengthen TI and improve its effectiveness by enhancing legal cooperation in drug related matters, within the respective country's legislative framework. It was also agreed to make operation of the Joint Planning Cell (JPC) more effective inter alia by sharing drug intelligence through JPC and conducting coordinated operations based on sharing intelligence.

- **Regional Ministerial Conference** Pakistan hosted Regional Ministerial Conference on Counter Narcotics at Islamabad on 12-13 November 2012.

- **Other International Cooperation Meetings – 2012**

Representatives of Pakistan have attended different International / regional meetings, conferences and workshops in 2012 all over the globe. The countries hosting these meetings / seminars are as follows:-

- Bulgaria
- Canada
- India
- Qatar
- Kyrgyzstan
- Russia
- Singapore
- Thailand
- Turkmenistan
- Turkey
- UAE
- USA
- UK
- Uzbekistan

- **Holding of International /Regional Meetings and Conferences**

Pakistan held following international meetings in 2012:-

- Meeting of the Commandants of the Counter Narcotics Academies of Afghanistan, Iran and Pakistan, at the Anti Narcotics Force Academy on 21 May 2012.
- 8th Senior Official Meeting at Islamabad on 19-20 June 2012.
- Afghanistan-Pakistan Cooperation Process- Customs Law Enforcement Managing the Movement of People Counter Narcotics at Islamabad on 15-17 July 2012.
- Intelligence Conference of Triangular Initiative of Counter Narcotics at Anti Narcotics Force Academy, Islamabad on 4-5 September 2012.

- **Memorandum of Understanding (MoUs)**

Pakistan has signed MoUs/Lol with 32 countries to jointly counter the menace of drugs.

### List of Under Process MoUs

- Afghanistan
- Mauritius
- Sri Lanka
- Canada
- Morocco
- Thailand
- European Union
- Nepal
- Turkmenistan
- KSA
- Nigeria
- Ukraine
- Libya
- Oman
- UK
- Maldives
- Seychelles
- South Africa
- Malta

### Assistance Provided to Other Countries

ANF Pakistan responds swiftly to all the requests made for criminal ground checks, travel history, subscriber call details and other investigative/backtracking assistance. Due to this enhanced cooperation, a host of important cases have been resolved. Request received from various countries and responses for the year 2012 are as follow:-

#### Summary of Assistance Provided to Other Countries

### International Controlled Delivery Operations – 2012

These operations are the most effective /important component of international cooperation. Realizing its vitality, ANF carried out a number of operations with various countries in 2012. Details are as follow:-

Date	Country	No. of Persons Arrested	Recovery
7 January 2012	Italy	4	10.84 kg heroin
2 March 2012	Canada	-	20 kg heroin
30 November 2012	Canada	-	1 gm heroin

■ **Seizure of 10.840 kgs Heroin in Rome, Italy - 7 January 2012**

SIC in collaboration with UAE and Italian Authorities conducted an international CD operation and received **10.8 kg heroin** at Rome, Italy.

■ **Seizure of 20 kg Heroin at Toronto, Canada - 2nd March 2012**

SIC in collaboration with Royal Canadian Mounted Police conducted CD operation and recovered **20 kg heroin** at Toronto, Canada.

■ **Seizure of 1 gm Heroin at Toronto, Canada – 30 November 2012**

SIC in collaboration with Royal Canadian Mounted Police conducted CD operation and recovered **1 gm heroin** at Toronto, Canada.

### Joint Operations of ANF with other International Law Enforcement Agencies – 2012

ANF Pakistan extends information with all relevant countries irrespective of agreement /MoU to fight the menace of drugs. Summary of seizures made by other international law enforcement agencies on the basis of real time intelligence sharing by ANF Pakistan in different on-going joint operations is reflected below:-

Country Name	Heroin (Kg)	Hashish (Kg)	No. of Arrest
Germany	10	-	1
Holland	15.183	-	-
Ivory Coast	26	-	-
KSA	7	-	3
Malaysia	38	-	3
Nigeria	-	9.3	5
UK	45	-	2

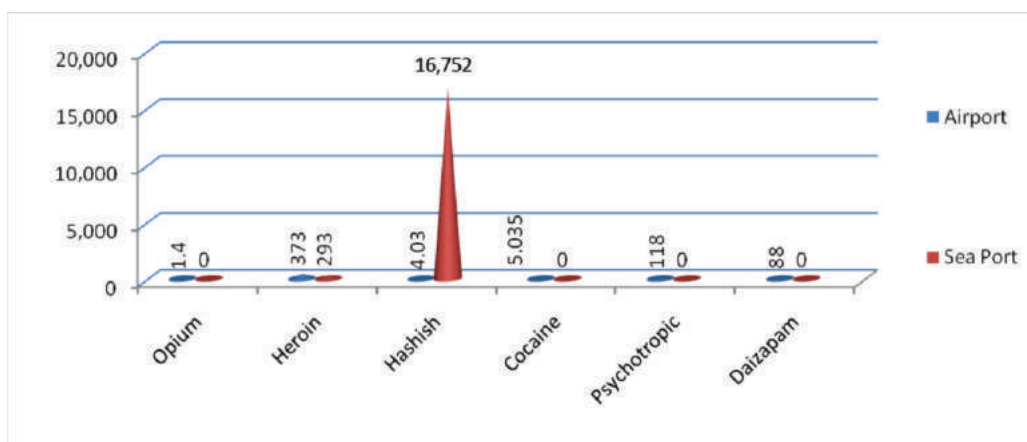

### Joint Planning Cell (JPC) Tehran and Joint/Simultaneous Operations

In 2007, Iranian delegation proposed during TI meeting to conduct joint operations along the common borders of Afghanistan, Iran and Pakistan. During 2012, two simultaneous operations have been successfully conducted along Pak-Iran border on 14<sup>th</sup> February and 12<sup>th</sup> November 2012. The objective of joint operations is primarily to initiate synchronized national responses to the threat posed by international drug traffickers in the region.

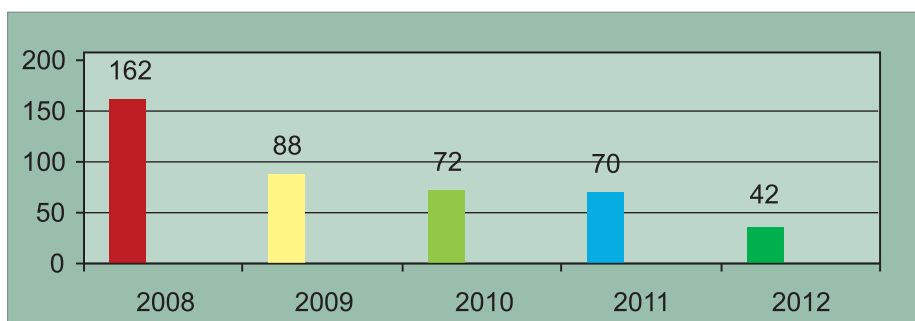

#### Seizures by ANF Meant for International Destinations – 2012

Cases		Drugs Seized (kg)					
		Opium	Heroin	Hashish	Cocaine	Others

### Foreign Nationals Arrested in Pakistan 2008-2012

Strict law enforcement measures and visa regimes helped in curtailing the involvement of foreign nationals. Year wise statistics show a continuous decline.

### Carrier Trends

Cases	Defendants	Nationality
12	8	Nigerian
10	6	Afghan
6	6	British
4	4	Zambian
2	4	Zimbabwean

# PROJECT - DRUGS FREE CITY LAHORE

## Project - Drugs Free City Lahore

### September 2010 to December 2012

On the direction of the Prime Minister of Pakistan to the Ministry of Narcotics Control to make Lahore a Drug Free City, an essential ingredient of National Anti Narcotics Policy 2010, the ANF conceived and developed this Project in March, 2010. In April 2010, the Chief Minister Punjab approved the project and consented to share 40% of the total cost. Subsequently, PC-1s of the Project (Federal and Provincial) of Rs. 60 million and Rs. 38.228 million were prepared and approved in September 2010 and August 2011 respectively by the respective governments. After the approval of the Action Plan and Targets for 2011 by the Project Steering Committee in December 2010, the Project was formally launched in January 2011. Ministry of Narcotics Control is sponsoring and Anti Narcotics Force is the Executing Agency of this project.

#### Strategy

To achieve the goal, a multi-pronged strategy was conceived which had the following facets:

- Drug Supply Reduction through effective policing and enforcement of drug laws.
- Drug Demand Reduction through creating mass awareness against drug abuse, targeting youth and labour.
- Treatment of drug addicts as per International Health Protocols.
- Rehabilitation of drug addicts by bringing them back to the normal economic and social life.
- Publicity and projection of the concept, the goal and public awareness through print and electronic media.

#### Performance

On 31 December 2012, the Project completed 2 ½ years of its life on papers while 2 years of actual working after its launching in January 2011. Following is the performance of this Project under various fields/areas during the two years of its actual working, i.e. 2011 and 2012.

##### ▪ Law Enforcement

The table on next page gives details of cases registered, persons arrested and narcotics / contrabands recovered under various drug laws in Lahore by various LEAs during the year 2011 and 2012.

### Drugs seizures by LEAs 2011/2012- Project Drugs Free City Lahore

Year	Cases Registered	Persons Arrested	Recoveries / Seizures			
			Opium (kg)	Heroin (kg)	Hashish (kg)	Alcohol (bottles)
2011	10,647	11,130	74.780	482.357	1,895.443	74,065
2012	6,485	6,769	76.154	351.345	1,746.68	60,840
<b>Total</b>	<b>17,132</b>	<b>17,899</b>	<b>150.934</b>	<b>833.702</b>	<b>3,642.123</b>	<b>134,905</b>

#### Public Awareness/Prevention

Following mass awareness and community mobilization activities were carried out by the NGOs, Project Management itself and some government departments.

#### Summary of Drugs Demand Reduction Activities-Project Drugs Free City Lahore

Nature of Activity	Activities		
	2011	2012	Total
Seminars /Lectures / Workshops	164	310	474
Photo Exhibitions	3	1	4
Entertainment Shows	40	51	91
Speech Competitions	8	6	14
Sports Competitions	12	8	20
Walk / Rallies	17	43	60
Distribution of awareness material	230	249	479
Project on the Facebook	1	1	2
Project on the Website	1	1	2
Awareness through ads in magazine	20	16	36
FM Radio programmes aired	36	60	96
SMS sent on mobiles	4	2	6
Other activities	25	64	89
TV Talk Shows	5	-	5
Columns/Articles in the print media	7	205	212
<b>Total</b>	<b>573</b>	<b>1,017</b>	<b>1,590</b>

#### Treatment of Drugs Addicts

Though, despite every possible effort by the Project Management, 20-bedded exclusive wards for the treatment of drug addicts could not be established in the government hospitals, yet the government hospitals located in Lahore treated following number of drug addicts in their existing system/set ups.

### Summary of Drugs Addicts Treated

No. of addicts reported/brought for treatment	Treated as OPD patients and returned	Admitted/detoxified & discharged	Kept for further treatment
13,760	8,876	4,792	92

#### Achievements

During two years of working life of the Project, the Project authorities, the law enforcement agencies, particularly Lahore Police and ANF, the NGOs affiliated with the Project, and some of the government departments exerted very sincerely and dedicatedly for the cause of the Project. As a result of these efforts, the Project setup the following milestones that could not be made possible otherwise:-

- Paradigm shift in the enforcement pattern.
- Unprecedented efforts for creating mass awareness.
- Establishment of 100 bedded treatment centre in PIMH.
- Allocation of 10-15 beds for drug addicts in all teaching hospitals.

#### Strong areas

- Mass awareness campaigns against drug abuse.
- Enforcement raids, crackdowns against drug dens/peddlers.
- Regular provision of funds by the Federal Government.
- Treatment of drug addicts.
- Rehabilitation of drug addicts.
- Projection and public awareness through print and electronic media.

Chief Minister Punjab reviewing the progress of the Project on 31 January 2012

## TRAINING IN ANF

## ANFA ORGANIZATION

**Brig Uzair Ahmed Qureshi**  
Commandant

**Lt Col Shoukat Hussain (R)**  
OCRAC

**Maj Rashid Bashir Minhas**  
Deputy Director

**Mr. Nadeem Islam**  
Deputy Director

**Mr. Ibrar Hussain**  
Assistant Director

**Mr. Ehsan Ul Haq**  
Assistant Director

**Mr. Sardar Aqeel Zahid**  
Assistant Director

**Mr. Tahir Ullah Khan**  
Inspector

## Training in ANF

Training is an important tool which helps in inculcating the sense of team work, team spirit, and counter fighting in the field of drug law enforcement. In order to improve the capacity and quality of human resource, ANF Academy (ANFA) is continuously engaged in imparting training to members of its force as to the development of training facilities and conduct of various training activities.

The year 2012 started with the critical review of the training activities of 2011 so as to identify the strengths and weaknesses in training conducted during 2011. To evaluate our training performance, all Regional Directorates and other LEAs were consulted. Based on their input and training needs, the training activities for year 2012 were conducted for 662 students.

With the pledge of quality training; aims, objectives and syllabus of various courses have been revised to make it compatible with the operational needs.

### Mission

Identify and meet the training needs of ANF and other LEAs in the field of counter narcotics and precursor chemicals by conducting systematic training programmes.

### Objectives

- Enhance drug law enforcement capabilities of ANF and other LEAs through systematic training programmes.
- Provide necessary skills and knowledge required to conduct strategic level drug interdiction, investigation and prosecution.
- Enhance inter agency cooperation through joint training.
- Promote leadership in pursuit of excellence.
- Organize career progression courses for ANF personnel.
- Arrange and coordinate training of newly enrolled / inducted officials of ANF.
- Development of management skills for effective and efficient human resource utilization.
- Conduct research in the field of narcotics and narcotics related law enforcement.
- Promote international cooperation through training collaboration.

### Type of Courses Run

- **Basic Training for New Inductees.** For all ANF officials at the time of induction.
- **Career Progression Courses.** As per the ANF's Appointment, Promotion and

Transfer Rules, these are mandatory courses which are prerequisite for promotion to various ranks.

- **Capacity Building/Specialist.** In order to develop capacity in various fields, these specialized courses are planned for ANF and other LEAs.
  - Information Handling Course
  - Surveillance Course
  - Intelligence Course
  - Interview and Interrogation Course
  - Cyber Crime and Finger Print Course
  - Accounts Workshops
  - Drug Demand Reduction Workshops
- **Orientation Course.** For all the officials joining ANF on deputation.

### Under Progress Training

In addition to above, two basic recruits' trainings of six months duration as a major activity are underway in which 64 newly inducted Assistant Director / Inspector / Sub Inspector and Assistant Sub Inspector / Constable are under training. The training started on 5 November 2012 and will complete in 1<sup>st</sup> week of May 2013.

### International Efforts and Sponsored Training Activities

International community is assisting ANF by providing aid in the shape of technical equipment as well as providing trainers in some cases for conducting training at ANFA. During the year 2012, various international courses / workshops were held which were sponsored by UNODC and Colombo Plan. Furthermore, many dignitaries from international community visited ANFA to see the academic facilities and sharing of joint efforts against the menace of drug through quality training.

<b>Number of Courses Held</b>	-	<b>39</b>
▪ Progression Courses	-	18
▪ Specialized Courses	-	14
